

Down

A blissful time to sleep in a comfortable down comforter at the end of the day.

Down is a reusable natural resource, lasting over 100 years if cared for properly.

Showa Nishikawa recommends you choose high-quality products and maintain them regularly, which enables you to use them for a long time to achieve a sustainable society.

Leading a comfortable sleep into the future

100 years Down

The series of products use high-quality down that have cleared strict standards. You can use them for a long time with maintenance.

PREMIUM maintenance

We dismantle and wash the duvet you have entrusted to us, add new down, and stuff it into a new bedding cover.
